

TAB ON TAXICABS MUST BE KEPT TO AID LAW, HE SAYS

Alderman Dowling Introduces Ordinance to Secure Description of Public Vehicles.

An ordinance designed to add the police in discovering taxicab robbers and other malefactors who use automobiles in the pursuit of crime, was added to proposed taxicab legislation in the Board of Aldermen to-day by Minority Leader Dowling. The measure compels keepers of public garages to record in a special book to be open only to the members of the Police Department and the Bureau of License the data of every motor vehicle used for hire in the minutest detail. Mr. Dowling asked immediate consideration for his ordinance. "Too much legislation regarding taxicabs cannot be enacted," said Mr. Dowling. "The recent auto outrages in France and those in New York indicate that insufficient records are kept of such vehicles. This ordinance will enable the police to get hands on the taxicab driver at once. It may be broadened in the Committee's charge enough to include all public stands. At present the ordinance is aimed only at public garages."

The ordinance defines a public garage as a "place in which space is rented to, or in which are stored, motor vehicles of any kind whatever to be let for hire at any time," and reads: "It shall be the duty of each and every keeper of a public garage to record in a book kept solely for such purpose the time of departure from such garage of every motor vehicle kept for hire, giving the name and address of the owner and driver thereof, the name and class of vehicle, the license number of the driver and the license number of the vehicle; and the time of the return to the garage of each such vehicle shall also be entered in said book."

As a penalty the ordinance provides a fine of \$10 or ten days in the Tombs for the first offense and \$25 or twenty days in prison or both for the second offense. The ordinance is intended to take effect within thirty days after its approval by the Mayor.

Honest Advice to Consumptives

Somewhere there exists a vast amount of skepticism as to the possibility of curing Consumption. We state none but facts, and are sincere in what we assert. The reason we advise all Consumptives to take Eckman's Alternative promptly and faithfully is because we have the reports of many recoveries, one of which follows: "1819 Squakamish Ave., Phila., Pa. 'Questioned' for two years I was afflicted with hemorrhages of the lungs and our family physician advised another eminent doctor as to what would probably be fatal; however, I remained, and when I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine had taken could alleviate. It was at this time, March, 1902, that I heard of Eckman's Alternative. In a short time my cough was gone and I was pronounced 'well or cured.' I am at present in excellent health and feel that as long as I can obtain Eckman's Alternative I have no fear of Consumption." (Signed) HOWARD L. KLOTZ. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in upbuilding the system. It does not contain poisons, opiates or habit-forming drugs. For sale by Riker-Hegeman Drug Stores and other leading druggists. Write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.
